

Mountain Spoke Lengths Page 1 - Current (2012-2013)

- Spoke lengths are calculated using American Classic nipples. If you are using any nipple other than American Classic nipple, you MUST subtract 2mm from the length listed below.
- If wheels have brass nipples, do not subtract 2mm from length listed below.
- Please NOTE: MTB front hubs Disc 130 (QR, 15mm Thru-Axle, and 20mm Thru-Axle) all have the same hub flange and spoke circle diameter, therefore they are the same spoke length. Spoke lengths are the same for PowerTap rear hubs. American Classic does not sell individual nipples, spokes or rims.

MTB Race 26" Tubeless	Front 32H Rear 32H	Round Spokes	259 258	LEFTY	257 Drive 261 Non-Drive
MTB 26" Tubeless	Front 32H Rear 32H	Round Spokes	259 258	LEFTY	257 Drive 261 Non-Drive
26" Disc Tubeless SS Single Speed (Discontinued)	Front 32H Rear 32H	Round Spokes	259 258	Sapim Spokes	259 259
MTB 350 Disc 26" Not Tubeless (Discontinued)	Front 32H Rear 32H	Round Spokes	257 255	Sapim Spokes	257 255
MTB 350 Disc 26" SS Single Speed (Discontinued) Not Tubeless	Front 32H Rear 32H	Round Spokes	257 257	Sapim Spokes	257 257
